

REMARKS

By the above amendments, applicants have addressed all objections regarding formal objections to the specification, abstract and claims. In making said amendments, no new matter has been introduced. Claim 6, the only claim against which prior art was cited, has been cancelled.

The objection to the Oath/Declaration has been noted. A corrected Oath/Declaration has been prepared and sent to the inventors for signature. The corrected Oath/Declaration will be submitted to the U.S. Patent and Trademark Office as soon as it is received from the inventors.

Based upon the foregoing, applicants submit that the application is in condition for allowance. Therefore, applicants respectfully request that, upon receipt of the executed Oath/Declaration, the above-identified application be passed to issue.

Respectfully submitted,
